Alternative makes of engine options are available subject to customer requirements and suitability. All turnkey package prices include pre-delivery inspection and full rigging of outboard. Speed and performance is dependent on engine size, propeller selection, trim settings and weight distribution. Operating conditions and other variables will affect performance.

Our policy is one of continued improvement and we reserve the right to change price and specification without prior notice or public announcement.

STANDARD FEATURES

- Proven unique deep v high performance hull – Standard colour white (optional colours available)
- Multi chine variable dead-rise for maximum performance
- Continental sporting style design and superior looks
- High quality tapered Hypalon inflation collar designed & produced in house
